Dec 25 -
present

- Led in an early-stage startup environment, from user research and concept development to wireframes, prototypes, and final UI. Designed game UI, interactions, and visual assets to support engagement and learning outcomes within the EdTech platform
- Collaborated closely with founders, engineers, and stakeholders on product strategy, MVP development, and iterative design improvements
- Developed and maintained visual language and UI components to ensure consistency and scalability as the product evolved.

RESEARCH & DESIGN ANALYST | **MINISTRY OF THE TRADE AND INDUSTRY (MTI)**

Sep 25 -
Jan 26

- Conducted research and designed employee experience and wellbeing initiatives, including mental health and caregiver support, applying human-centred design principles to inform organizational strategies and policies.
- Assisted in crafting internal communication strategies, enhancing staff engagement, clarity, and usability through UX-informed content and interaction design.
- Contributed to revamping MTI's intranet, improving usability, navigation, and interface design to better support staff workflow and engagement.
- Designed corporate communication materials to support internal messaging, staff engagement, and clarity of policy-related information.
- Conducted research on AI tools and digital solutions to enhance communication workflows, content creation, and internal knowledge sharing.

MEET-THE-PEOPLE SESSION CASE WRITER | **PEOPLE'S ACTION PARTY (PAP)**

Oct 24 -
present

- Conducted resident interviews during weekly Meet-the-People Sessions to understand needs, constraints, and pain points, applying empathy and user-centred listening.
- Assisting with resident inquiries and drafting correspondence to relevant agencies, ministries, and statutory boards while working closely with MP to address community needs and facilitate resolutions.
- My experience as a Case Writer has enhanced my ability to empathize with users, communicate effectively with stakeholders, and improve processes, skills that are directly applicable to designing user-centered, intuitive UI/UX solutions.
- Strengthened skills in writing, reporting, and translating complex issues into concise, actionable information, applicable to user-centered content and journalism.

COMMUNICATIONS INTERN | **PROCTER AND GAMBLE (P&G)**

May 25 -
Aug 25

- Led internal and external communications initiatives to strengthen employer branding, employee engagement, and talent outreach, applying user-centered messaging strategies
- Executed multi-channel campaigns across social media and digital platforms (LinkedIn, Instagram, internal channels), designing content that highlighted company culture, employee stories, and recruitment touchpoints
- Designed and produced print, digital, and internal communication materials, including recruitment assets, newsletters, and townhall content. Applying visual hierarchy, layout, and accessibility for clarity.

- Analysed social media and communication performance metrics to evaluate content effectiveness, refine strategies, and optimise reach, engagement, and message clarity
- Translated complex corporate and employee narratives into clear, compelling stories, strengthening skills in content design, digital storytelling, and user-focused communication
- Explored alignment between corporate messaging and broader themes such as diversity, inclusion, and responsible business, reinforcing how communication design supports social impact and organisational goals.

GRAPHIC DESIGN INTERN – INTERNATIONAL RELATIONS & COMMUNICATIONS | SEMBCORP

Apr 24 - Aug 24

- Designed bilingual web layouts for China and Indonesia websites, supporting cross-cultural usability, accessibility, and stakeholder engagement.
- Developed the visual design system for Sembcorp's exhibition booth at Singapore International Water Week (SIWW), translating complex sustainability narratives into clear, engaging spatial and visual experiences for global stakeholders. A key international event attended by utility leaders, city mayors, and Minister for Sustainability and the Environment, Ms. Grace Fu.
- Created visual systems, infographics, and short-form videos to communicate sustainability and financial information with clarity for international and investor audiences.
- Collaborated with branding and communications teams to apply user-centred visual design principles, strengthening trust, consistency, and comprehension across digital and physical touchpoints.
- Strengthened cross-border storytelling and public communications by translating complex global energy topics into engaging visual narratives, skills transferable to journalism, policy writing, and strategic communications.
- Deepened understanding of how visual design supports diplomacy, corporate image, and stakeholder trust, core pillars in international relations and communications.
